LIN MoBai (墨白) Artist painter

LIN Mobai, born in Fuzhou, currently resides in both Beijing, China, and Ito, Japan. She is a graduate of the China Academy of Fine Arts, where she specialized in Chinese Painting, distinguishing herself with exceptional talent and dedication to traditional Chinese art.

With a strong background in ink painting and calligraphy, LIN Mobai possesses a delicate and sensitive brushwork that allows her to uniquely capture the beauty of nature. Her works are a visual meditation, ranging from early series like "Blue Edges" to her later experiments with various mediums. Through her art, she breathes life into landscapes that seem to breathe and evolve.

The frames of her paintings evoke a baroque aesthetic, creating a striking contrast with the tranquility of the natural landscapes she portrays. Each of her creations resonates like a wind chime, filling space with elegant and harmonious melodies. LIN Mobai's works are a celebration of harmony, offering those who contemplate them a soothing and healing sensation.

What truly distinguishes LIN Mobai is her ability to merge the serenity of natural landscapes with artificial elements, thus creating a captivating dialogue between nature and humanity. She draws inspiration from mountains, which are permanent guests in her works, regardless of their transformation. This mystical mountain, present in many series, becomes a deeply rooted symbol of her artistic quest and her understanding of nature.

LIN Mobai is a shining star of contemporary art, characterized by her constant innovation and her ability to capture artistic beauty in a truly unique way. Her artistic journey is an invitation to immerse oneself in a world where nature and art blend into an enchanting visual symphony.
